

Entirely UNFAIR

Every person in Missouri is

REQUIRED

to pay a fee for each tire they purchase.

These fees fund the **Scrap Tire Grant Program**.

Which **reimburses non-profit organizations** for using recycled tires as playground surfaces.

Giving children a safer place to play and keeping tires out of landfills.

A win-win RIGHT?

NOT EXACTLY

Religious people are **forced to pay** into the program

(just like everybody else)

... but religious organizations

CAN'T BENEFIT

(unlike other non-profits).

And that means these children

ARE DENIED A SAFER PLAY-GROUND.
